N. HOLMES, Claresholm

To Heat The New School

By advertising the school board saved \$1000 on the contract for installing a heating and ventilating system in the new school. It seems the architect only asked a few firms to tender. The trustees objected and the tenders were withdrawn. Advertising was then resorted to and new tenders sent in. They were as follows:

J. A. Lockerie, Edmonton, Peace-Walton system, \$1,280.

The A. Lee Co., Edmonton, Peace-Walton system, \$2,075, and a second tender of \$5,304, which involved decreased radiation.

Western Plumbing Co., Lethbridge tendered for the Walton system one for \$1,500 and one for \$1,400 the latter not coming up to the specifications as it was intended to substitute black metal for oxidized registers etc.

The trustees accepted the Lethbridge Co. tender at \$1,500 upon the firm signing a contract to fill the complete specifications. The Walton system has not yet been installed in a school West of Winnipeg and much of its future success will depend on the success here. It can safely be supposed that Claresholm will be given the best possible system. The Walton system is said by the inventor to be superior to the Peace-Walton. The success of tenders have prompted to install the system in the old school at once and to avoid the construction of the addition to complete the contract. In the meantime the school is being heated with stoves. The system to be installed as a machine which automatically registers the temperature in all the rooms. The janitor will not have to see the thermometer in order to see if the temperature is all right. He will save a considerable amount of money and his job will be easier.

Skating Rink Wanted

The suggestion has been made that it would conduce much to the pleasure of living in Claresholm this coming winter if there was a skating rink. By this is meant a covered rink as the citizens make the open air variety too uncertain. There are a large number of young people in Claresholm and it is felt that the rink would be exceedingly popular and well patronized from the start. The gentleman suggesting it to the Review said that he meant a rink that wouldn't be monopolized by hockey players. One in which all would have opportunity to skate. He thought that a hockey league might be formed in Southern Alberta and understood that there are some good players in this town. With the civic water system the flooding could be done with ease and so as to make good ice, two or three are lights would furnish the necessary brightness. A company could be got together and it would not take much capital to erect a plain building. The patronage, if the winter were at all favorable, would make the project a paying one. A skating rink would help while away the long winter evenings. Who will undertake to organize a company?

Claresholm Horses Win Money

Claresholm horses captured a big share of the money at Nanton races. Dudley Munro's pony won the first in the pony race and second in the mile running. There was a little excitement in the pony event over a kick that Mr. Munro's horse was over height. Eric Moffatt, one of the judges, decided that the pony was O. K. and after a racket it was allowed in. A number of Nantons had boys hunched around the horse and added to the excitement. In fact Claresholm people complain of considerable inequity from the previous day and it looks as if Nanton dads were neglecting their parental duties. J. R. Watts' Ranch King roused home an easy victor in the mile running race and J. B. Robertsons Togo won first in the 3 minute race and second in the 2 1/2. While Little Buck won second money in the free for all Nanton has an excellent track but it is too narrow.

C.P.R. Officials Visit District

There were a number of distinguished C.P.R. officials in town on Monday. They came in on the 8:10 express from the South in private car No. 15 and included Mr. P. D. Griffin, Montreal, chief land commissioner of the C.P.R., J. L. Duple, Winnipeg, assistant land commissioner, L. H. Hamilton, Toronto, ex-land commissioner, A. Gouge, managing director of the Mortgage Company of Canada and H. J. Russell, private secretary to Mr. Duple. It is understood that Mr. Gouge represented a large amount of French and Belgian capital and was making the trip through the West with a view to investment. The party travelled through Southern Manitoba and Saskatchewan and went over the 27 miles of the proposed Weyburn to Lethbridge line and located a couple of sidings. Inspectors are now traversing the territory between the proposed terminals to report on the amount of settlement and their reports will likely determine the exact route of the road and the speed with which it will be built. The party left here for Mr. T. C. Milnes auto for Monarch and from there travelled North calling at Noble, Barons and Cammugay. They left here for the north and intended visiting the new towns in Central Alberta. Mr. Griffin is on one of his regular inspection tours.

One Hundred Bushels To Acre

Grain is coming in freely now although it is not expected that there will be a rush for a week or two. The yields are fairly good this year owing to the unmelancholy visits of frost. On the whole the yield is an abundant one and one should be thankful this Autumn.

The honors for big yields seems to belong to the foothills and demonstrates that ranching is not the only business for the hills. R. G. Bissett threshed out 40 bushels to the acre in fall wheat and his oats went 35 bushels. Travis Bagley had 29 bushels of oats which threshed out 100 bushels to the acre. That is going some and as frost is never experienced in the hills farming is likely to become popular.

There is considerable frost wheat in the country but as even number 4 is bringing 17 cents the farmers are not very hard hit. Its only a few short years since No. 1 had sold at 90 cents. A few of the farmers were hit hard especially those with low lying land but the great aggregate yield is immense. All the elevators report receiving some fine No. 1 and the bulk will grade No. 2.

A Great Man Gone.

The death of Governor Johnson of Minnesota will awaken a feeling of sympathy among all peoples irrespective of nationality. While he had a good measure of success there seemed little doubt but that he stood on the very threshold of national honors. Johnson's life stands out as an inspiration to youth with the most illustrations on history's page.

No Offense Meant

The Granum Press thinks the Review was "nasty" in publishing an item about the mounted police being called to that town on a errand that proved to have been unnecessary. The Review had no intention of being nasty and published the facts given by one who should know. As to there being no mounted policeman at Granum there is due to the scarcity of men. The fact that the authorities felt that the man could be temporarily withdrawn from Granum is a decided compliment to the order maintained in this busy little grain town.

THE UP-TO-DATE STORE

R. L. WALSH

SPECIAL NOTICE

TO OUR CUSTOMERS AND FRIENDS

Having realized for some time that the "Credit" business was not altogether fair to those paying Cash, we have decided to put our business upon a strictly cash basis on the first of October. Some time ago we equalized the difference between cash and credit customers, by the "Coupon System", which gave the cash purchaser an extra discount. A number of our customers however, preferred the difference in the original price, and with this end in view, we will sell for spot cash only from the above mentioned date. We consider that the time is now ripe for the doing away of the credit system, as with the bountiful harvests of last year and this, we think that there will be very few of the farmers of our district who will not be in a position to pay cash for their goods. We might also say, that with the cash system we make no losses, and also, being able to use our money instead of having it tied up on our books, will be able to purchase more cheaply; this saving, we will share with our customers, and we can assure them, that the amount saved in a year will more than surprise them. We will discontinue the Coupons but will stock the Dinnerware so that all those having Coupons will be able to redeem them at any time or purchase pieces to replace those broken.

Remember-- After First of October--

Cash Only and Better Prices.

Yours For Business,

R. L. Walsh

P.S. We will take produce as usual.

See us for special value. Horse Blankets, Harvesters Supplies. Full Line of everything.

We handle the FAMOUS

Robin Hood Flour.

R. L. Walsh

NOW IS THE TIME

To look for fall underwear. We carry "Stanfields," none better made.

If in need of a duck coat sheepskin lined give us a call I can suit you, or if you want a good fur coat at \$20 or \$25 I can supply you with the best. Should you want a neat fur lined coat, Rat lining or wool Astrachan lining we have them from \$22.50 up to \$100.

I have also a full line of Caps, Gloves and Mitts for cold weather.

THE CLARESHOLM REVIEW, Clareholm, Alberta.

Visit From Hon. W. H. Cushing

The victim, Mrs. W. H. Cushing, Minister of Public Works, attracted a lot of interest. The Hong gentleman was a tall, thin, middle-aged man with a high forehead and a pair of ear covering 1940s miles. His short speed was 35 miles in one hour, and he averaged about 22 miles, but he was a very fast runner. He was in excellent condition. He left Calgary at 9 a.m., reaching here shortly after a night and had stopped 1300 miles from his home in the morning. Staveley, Mr. Cushing was accompanied by Mrs. Cushing and Mr. and Mrs. H. H. Cushing, his sister. They were guests at the Queen's Hotel.

No reaching across a hot stove and over steaming pots to turn direct-draft damper on Sask-Alta. It is placed right at front of stove (see illustration) where a child can readily operate it.

please the judges and they had to be considered. A site in the south end near the police barracks was pronounced too near the railway. The judges object to passing trains. Apparently the Haig site was the one the Minister wanted and he was escorted to the Haig store where the preliminary negotiations were soon completed. Mr. Haig's price was reasonable and before leaving the next morning Mr. Cushing completed the deal.

A gaily crowd gathered in the evening to hear the Minister who spoke for an hour chiefly on the work of his department. He told of the many demands made on the government, demands pouring in from everywhere and the regrettable fact was that his department didn't have an appropriation sufficient to do everything in the way of carrying out the demands that aside from a small tax on unoccupied lands the government derives no direct revenue from the land. He said that the government is in vogue in the States and elsewhere. Some of the States contribute five to six and eight millions in the way of land revenue. The money arrived in Alberta when the federal land parts should assume greater rural municipal control and contribute a larger share to the upkeep of the roads. The Minister was introduced at the next session dealing with this subject. Referring to the court house to be erected here he said that the design for it will be designed so as to be used as a civic building. Courts are not held very frequently and if there was a hall and offices it would be of great use. He said that the design in return for this all the town would have to do would be to take care of the building. It will be up to the

As regards the Meadow Creek road the Minister announced that a gang of men would be at work in a few days putting it into good shape for traffic.

Owing to his serious illness Mr. Malcolm McKenzie M.P.P. was unable to be present.

MAIL ORDER TRADE

The Macleod Advertiser two weeks ago published a trenchant two column editorial attacking the mail order business, and deploring the foolishness of Macleod people in building up the Winnipeg fortunes. Last week space was given to two equally trenchant letters in which the case for the foolish people was forcibly put. The Macleod merchants were charged with selling at exorbitant prices and instances were given where \$15 and \$20 were saved by sending to Calgary for goods. The avaricious land lord was also scored and the "glorified orange box" for which \$15 to \$20 a month rent is asked was strongly condemned.

The merchants may reply this week.

In Claresholm a considerable mail order business is done but it hasn't reached the proportions of Macleod. Claresholm merchants are more modest in their charges. While the Review believes merchants should carry a stock sufficiently varied and large to prevent any possibility of excuse for sending elsewhere for stuff, we would also suggest that some of the much advertised bargains in Calgary and Winnipeg are decidedly bogus. Every merchant in Calgary whether he sells groceries, furniture or dry-goods has to bring in his supplies, or the wholesale agency has to do it for him.

As an illustration take canned goods. The price to buyers at the factory is the same. There are three or four grades and it can safely be stated that some of these wonderful bargains are the very lowest grade and put up for just such trade. The large-horn merchants do not carry this stock. Its rank. Potomine poisoning burks in every tin. If to save 10 cents a man is willing to have his family eat pigs' wall let him fire ahead. Send the money to Calgary or Winnipeg. There could not be any justification for supporting hold-up prices by local merchants but discuri-like the Review has to be shown.

There are also two sides to this question. The people who are send-

ing outside for supplies exact all they can get here for labor, produce, or other saleable commodity. They take it as a general rule from people living here and then send the money to help swell the currency in Calgary or Winnipeg.

It may also be put down as the fact that when a Calagary merchant is sacrificing his profit on sugar he is making it on some other article. The business men of other cities in the mail and express order business are not philanthropists. They are out for the coin. If they selling sugar at cost, they are making a profit on coffee, for a time, they can afford to be suckers to bite, yet more to swallow the line and nibble at the pole, that is what they are after. The Review believes in a live and let live policy. This is a question which hits every business man. We think every man is entitled to a living profit and do not justify get-rich-quick prices. At the same time there is no condemnation among those who have so little interest in the sugar business, that they send away their earnings to, help

built up Winnipeg or Calgary. This is not the gospel of sectionalism. Its horse sense. Business men who pay their taxes and contribute to the public good should get together on this issue. First have a heart searching hour. If the lemons prices are found to be excessive, let the people who sent their money out of town. There is more than one way of hitting them. The Review knows the names of the lemons sent out of Carleton Place for supplies, and the parties sending it are very vulnerable. They could be hit so hard that they would never do it. The would look like 15 cents compared to the cost to which the local merchants could put them by a well organized campaign. The Review would like to ask the people of the town you live in to give you money for send to other towns. A certain amount of outside trade is necessary. But the lemons and goods wanted are not supplied in local stores but at means send away for them. In this free country no one can be forced to buy where he doesn't want. But in the north lines of general supply Carleton place merchants have the goods. They are

erously to all demands for the good of the district and have the moral right to look for the support of the people.

What Our Trade-Mark Means to You

IT means that the flour contained in bags and barrels so trade-marked is decidedly whiter, a great deal stronger and more nutritious than other flours.

It means that the flour has been properly aged to mature its full strength.

It means
*"More bread
 and better Bread"*
 and better pastry, too.

It means elimination of uncertainty—"your money back" if Purity fails to give entire satisfaction.

Costs more than the other kind,
but worth the difference.

FISH THAT WALK.

Officers in India Tell of a Strange Procession of Porch.

It may seem absurd to speak of fishes walking. The British fish will walk, but the light looks much like the fish walking. The fish will walk, but the light looks much like the fish walking. The fish will walk, but the light looks much like the fish walking.

A party of English officers were upon one occasion engaged in a certain part of India, when their attention was attracted by a rattling sound in the grass and leaves. Investigation showed it to be caused by myriads of little fishes that were making for the direction and were passing slowly on. There were hundreds of them moving by using their side and small fins as if they were walking, falling down, squirming, bending, rolling and so on.

These fishes were the famous chitras, which so much have been seen and written, and they were seen in the water, and they were seen in the water, and they were seen in the water.

The Millionaire's Pastor. A few days ago the Rev. C. F. Cole landed at Liverpool, where he was the pastor of Pembroke Church. Some two years ago, however, he was the pastor of the Church of the Avenue Baptist Church, known as the Millionaire's Pastor.

For some, objection to his name, taste, and character, and similar as to the Millionaire's Pastor. A few days ago the Rev. C. F. Cole landed at Liverpool, where he was the pastor of Pembroke Church.

Neither does he mind telling a story against himself. During his early days at Pembroke Church he approached a certain man for a confession of sins. The man, who was a millionaire, said to him: "You are a man of God, and I am a man of God."

It is in demand. - It is in demand. It is in demand. It is in demand. It is in demand. It is in demand. It is in demand. It is in demand.

Little Eugene, aged three, is the baby of the family. One night, after having had his supper and being put to bed, he propounded to his mother the question: "Mamma, who was the first man when you were little?"

Minard's Liniment Cures Burns, Etc. William—Young Astorist isn't at all exclusive; is he? William—Oh, he isn't. Why, this morning I saw him riding in his automobile with a policeman—Sergeant Lippincott's.

The Salmon Pack. The total sockeye salmon pack of British Columbia for this season is estimated by the Government to be approximately 225,000 cases, made up, as follows: Skeena River, 42,000 cases; Fraser River, 114,500 cases; Skeena River, 65,000 cases; Skeena River, 14,000 cases.

On Page Seven, the American Bankers have \$60,000 cases, according to information received from an authoritative source.

NERVOUS DISORDERS

Promptly Cured by the Use of Dr. Williams' Pink Pills.

If you have brain troubles or, in any case, remember that this is a sure and early sign of your nervous system. You feel much weaker and weary after exertion; you have a headache; you turn pale and dizzy; you feel nervous and irritable; you are easily worried. Sometimes sharp pains shoot down your spine and legs, and probably neuritis robs you of your sleep at night. There are some of the troubles that indicate the presence of nervous disorders.

Mr. J. H. Ward, Lord of All Signs, says: "About two years ago I suffered from a severe case of nervous disorder. I was unable to sleep, and I was unable to work. I was unable to sleep, and I was unable to work."

The Western Way. Henry W. Lucy, the famous English writer, is famous for his "Western Way" series. He has written many books, and he has written many books.

Minard's Liniment Cures Dandruff. There was a slight connection under the hair of a man who had been suffering from dandruff. He was suffering from dandruff, and he was suffering from dandruff.

POISONED ARROWS.

How a British Force Was Ambushed at Kuta, in Nigeria.

How a British missionary made a hazardous journey to a scene of an attack on a British force in Nigeria. The first news came at 2 P.M. on the line of the Baro Kano Railway, about 30 miles from the scene of the attack. The news was that a British force of 100 men, including a British officer, had been ambushed by a large force of natives.

Mr. Low spent 12 hours in Kuta, and, having ascertained the facts of the case, he returned to the scene of the attack. He found that the British force had been ambushed by a large force of natives.

The Western Way. Henry W. Lucy, the famous English writer, is famous for his "Western Way" series. He has written many books, and he has written many books.

Clareholm Review.

ESTABLISHED 1904.

Printed and published weekly

at Clareholm, Alta.

No. 10 per year. Single copies 5c.

T. W. QWATLEY, Editor

THE NEW COURT HOUSE

The purchase of the site for the court house to be erected in Clareholm is the first tangible evidence of the coming of this important public structure. Hon. Mr. Cushing, Minister of Public Works, selected the site without the slightest representation from anyone. Indeed if influence had been exerted the chances are the site would have been selected further West. As it is the site represents the judgment of the Minister and the Review fancies no serious fault will be found with it. The site selected, the next step will be the erection of the building. As the structure is not an immediate necessity the Review would suggest that nothing be done until next spring at the earliest. While it might be possible to construct the foundation this Autumn before frost sets in it is extremely doubtful. No public building should be erected when there is frost in the ground. The damage from settling invariably mars the structure and Clareholm can well afford to wait until next year. Plans have yet to be drawn and it might be well to have the town council and board of trade to consider the suggestion made by Mr. Cushing that provision be made for using the building for civic purposes. It is worth looking into. For the present the purchase of the site is sufficient guarantee of the court house for any fair minded man. What niggard, unscrupulous partisans may say doesn't count much here. The Minister came here on the representations of Mr. Malcolm McKenzie M.P., and the electors may rest satisfied that every assumption given by the members for Clareholm will be filled to the hilt.

This week arrangements are being made for putting the Meadow Creek road in shape. The erection of the telephone line to New Okley will be started as soon as supplies are obtainable. With demands for lines from all parts of the province it is extremely difficult to get telephone poles, batteries and other supplies and the department is wrestling with a herculean task in a business-like manner. Mr. Cushing is not a politician in the ordinary sense of the word. He is not a grand stand player. The Minister is above all things a business man and the people may rest assured that his department will be conducted in the public interest.

NEWS AND POLITICS

At a meeting of the Ontario Liberal Association recently Hon. Charles Murphy secretary of state criticised the newspapers and particularly the so called Liberal press and more particularly the Toronto Globe. As to the cause of Mr. Murphy's criticism of the Globe the Review has nothing to say but a suggestion that more departmental news should be given the public is worthy of comment. Mr. Murphy suggests that "mere reporters" should be superseded by a "high period" individual at Ottawa who would be near the government and send out important news. Such an arrangement might work but the high priced man would have no shoemakers. If the government is really desirous of giving information to the public it can be done much more satisfactorily than by the engaging of a high priced man unless it be the view of the Ministry that the fact of an individual is to give out news to Liberal papers only. The system at present in vogue at Ottawa is antiquated. It was born in the Conservative days and was continued under the present regime. No reporter is supposed to get news at present unless he represents the Globe, Winnipeg Free Press, Victoria Times, Hamilton Chronicle or some other Liberal

paper. For an official to give news to a representative of a paper heterodox in its views is an offense which usually results in the offender being called on to walk the carpet. The "mere reporter" who represents a favored sheet doesn't require to have newspaper ability. Any duff can fill the role of Liberal correspondent. All he has to do is to call at the department and the news is handed to him on a silver platter. He can only send what he is told, and nothing is left to the imagination.

With the other fellows everything is left to the imagination and that is the reason why Mr. Murphy and other Ministers have cause to complain of the criticism of the Conservative and Independent Press.

The writer is a Liberal. He always was a Liberal. His politics were never even under suspicion and yet during years of newspaper work in Ottawa he couldn't get an item of news because he happened to be working on a Conservative paper, and an exceptionally fine one at that. Platform work for the Liberal party and consistent support day in and day out counted for nothing. If he happened to stroll on "parliament hill" the faces were up tight. This personal experience is introduced to show that the writer is not drawing on his imagination.

The only defence of the present system ever heard during recent years of newspaper work in the Capital was that the "Tag" newspapers picked it up and they were getting a dose of their own medicine.

The Review would suggest that Mr. Murphy might well inaugurate the system in vogue at Washington. There all departmental announcements are given to the Associated Press and sent broad cast. The special correspondent is left to write stories and gossip and give his paper some interesting "leak" not usually covered in ordinary telegraphic news. Why the appointment of John Smith to the job of one of Henry Jones to a customs collectorship should be handed out to a reporter on the press supporting the party in power poses the comprehension of the ordinary individual. If the appointment was meritorious the government should be delighted to have everyone know of it at the earliest possible moment. The Review admits that the Conservatives followed the same procedure but that doesn't do the trick. A government in the 20th century should be above such pettiness. The Review believes now like Charles Murphy, Frank Oliver, George Graham and Macleod King are gifted with the business to rise to the top of a petty policy. Mr. Murphy can remove much of the dissatisfaction now existing by helping ably the public policy born of piecemeal mind many years ago. The Review as a weekly paper isn't directly interested but being as disinterested as Mr. Murphy of having departmental news given to all the people who all help bear the cost of government we think its time for a change. It isn't the "mere reporters" who are to blame. Its the system.

NOTICE

In order to make room for the large stock of wall paper now in stock

T. M. Haig

will be sold at a low price of the best paper now in stock.

From Oct. 1st to Oct. 15th

will sell at the following prices:

JAMES CLARK

Chiefly Claresholm

On Saturday Sept. 18th, 1909 Mr. and Mrs. A. P. Tinkles, a daughter.

Miss Mildred Simmons of Spokane is the guest of her sister Mrs. J. F. Reynolds.

The little daughter of Mr. and Mrs. L. T. Tinkles is quite ill with cholera infantum.

Mrs. T. D. Lewis, accompanied by Master Glynn, left for their home in Calgary on Saturday last.

The family of Mr. Chase, the new manager of the Crown Lumber Co., have arrived to take up residence here.

Mr. Cecil Marshall, A. C. Watson and Miss Ruth Bissett were among the Meadow Creek visitors in town this week.

Mr. Crow of the Prudential Life Assurance Co., Calgary, was in town this week and accompanied Mr. G. H. Moir on a trip to Banff.

Miss Nellie Mole of Edmonton, sister of Mrs. Edie Moffatt arrived in town this week and will take a position in H. O. Hudson's law office.

Mr. J. N. Brown, public school inspector, paid Claresholm school an official visit on Thursday and seemed greatly pleased with the showing made.

George H. Campbell of St. Thomas returned home after a visit with Dr. Leach. He was greatly impressed with Southern Alberta as a field for investment.

For obtaining license for an outfit named Brown, a Claresholm maning a restaurant on the post office road fined \$20.00 by Inspector Craggs on Wednesday.

Mr. W. Barclay returned home Tuesday from a trip to Spokane, visiting Vancouver and other coast cities. He greatly enjoyed the trip and says Vancouver looks them all.

Mr. R. M. Shaver who is returning East to live in Brockville announces on motion picture of his household effects on Saturday, Sept. 25. Mr. Shaver returns to his father and brother in business.

Lost—A wallet on Wednesday between the Palace Livery Stable and the Queens Hotel containing a sum of money and some papers of value to the owner, whose name is on the wallet. Finder can keep the money if he will return the wallet and papers to the Review office.

Miss Back who resigned from the Claresholm school staff last evening to enter a sanatorium at Kamloops, B.C., has made such rapid recovery she is now out of the institution and has received a letter on the 18th from her school staff. She will remain in the district for two or three years on the advice of her physician.

The Southern Alberta school teachers' convention in Lethbridge on Thursday and Friday preceding Thanksgiving if the consent of the Minister of Education is received. It was intended to meet this year at Claresholm but a change in the inspectorate which brought Lethbridge into the district caused the change in the convention city. An invitation will be extended to meet in Claresholm next year when the next school with its assembly hall will furnish eminently satisfactory accommodation.

Mr. and Mrs. August Foss were the victims of a runaway accident on Sunday and the aged couple received a bad shaking up. They were visiting their son and daughter-in-law at the house just beyond center. Mr. Foss was thrown out of the car after it started and was severely bruised. Mrs. Foss held on until crossing Shovelby Street and was thrown out near L.H. Smith's mill. She was badly bruised and suffered a nasty cut over the right eye.

The farmers coming to Claresholm for the purpose of attending to the part of the town and C.P.R. in improving the crossing on Centre Avenue where the recent additional trestle was put down. No only is there not sufficient filling between the tracks but the approach is in bad shape. A fence between the approach and the elevator at that point must also be raised. The view from the one that makes it so easy to see the farmer to do business in, and the scene of men who come in from the Star Line road especially would fully appreciate immediate action in having the crossing put in proper shape.

A prominent citizen was mistaken for a married man at the station and as he stepped off the train was greeted with a shower of rice. As he happened to step off the train in company with a lady it looked genuine alright and he carried out the joke by getting into a rig that was waiting. It may be explained that the real joke was on the bunch at the station.

Next Sunday will be a gala day at the Presbyterian church. In the morning Rally Day exercises in connection with the Sunday School will be observed. An exercise prepared by the General Sunday School committee of the church in Canada will be given by the school children occupying the centre tier of seats. It promises to be a series of unusual interest. At night a harvest thanksgiving service will be held and the church will be appropriately decorated with the fruits of the field.

The tournament which has been going on in connection with the Claresholm Lawn Tennis Club since Labor Day ended Monday night with Percy Hotchkiss and Homer Miller the victors. The finals were played between the victors and E. Piercy and Claude Amundsen. The score of the victors was 10-8 and it took 18 sets to determine the championship. It is a feature of interest that the victors are college chaps and return this week, or early next, to Strathcona for the purpose of the University.

The following have been received from the Palace Albert Band on Tuesday:

"Editor the Review: For your continued insistence on the early completion of the Hudson's Bay road you are deserving the gratitude of the farmers of the West. You need not worry about Prince Albert being the terminus of the Hudson Bay railway. It is and 250 miles of the route are already completed towards Hudson Bay. It is simply a question of having the remaining portion completed. The time is not far distant. We are heartily in accord with your sentiment that the main business is to build the railway and that time should be wasted in debating the merits of Churchill and Nelson, both may be needed eventually and undoubtably will, but we want the port now that can take our grain to Europe. We are confident positive dates. Yours very truly,

H.C. Beatty, Secy.

Praise For The Review

The following from a letter received from Mr. J. T. Macdonald, Grand Steward of the Alberta Grand Lodge, A. F. & A. M., is greatly appreciated.

"Allow me on behalf of the Masonic fraternity to thank you for your very bright report of our convention in connection with the laying of the corner stone of your public school on the 10th inst. It is alike a credit both to yourself and your paper."

Barons Booming

Barons, Sept. 23. Tom Bern and Ed. McCandlish were Barn visitors Tuesday.

The sidewalks are being laid and Barn is quite a city now.

Brown & Cumming have opened their big general store and report good business.

A big feed mill and electric light plant is under way at Claresholm.

The feed is expected in ten days then switch Barns gear.

The Hansen Hardware Co. have their new store nearly completed.

The Arnold hotel is under way of construction and will be completed by Oct. 1st.

There are two chevrons completed and the third is started.

Brown & Cumming are building a fire-resistance, Hatfield & Neves are the contractors.

Wear Do is the busiest man in town yielding the brush. The Bar Lumber Company's sign is the biggest this side of Calgary. Wear Do is artist.
